

Attento Counseling - Downtown Marietta

<https://attentocounseling.com/>

POSITION: Licensed Counselors/Psychologists interested in Ketamine Assisted Psychotherapy & Integrative Practice Work

We are looking for part-time licensed counselors/psychologists (10-15 client contact hours per week) to join our team.

This is a unique opportunity to work in an “integrative psychiatric Practice office” serving referrals from psychiatrists and nurse practitioners directly to in-office clinical staff.

As part of clinical responsibilities, ***we are seeking clinicians/psychologists who are interested in working with private pay KETAMINE ASSISTED THERAPY (KAP) protocols in support of medical staff delivery treatment (training/supervision to be provided).***

Seasoned professionals with a desire to work in a research-focused treatment environment are needed. We are looking for highly motivated individuals that thrive in a professional team environment and desire the opportunity to be fully invested in a private practice office. If you are looking for a lifestyle employment opportunity providing you the flexibility to set your own schedule, this may be the opportunity for you.

The successful candidate will be a licensed counselor/psychologist who is eager to join our team.

Qualified candidates must possess a PhD., PsyD, LCSW or LPC and be licensed to practice in Georgia. (Attento Counseling supports Insurance Panel Credentialing for the right candidate).

- Preferential hiring will be given to applicants credentialed with major insurance panels.
- Practice is co-partnered with a prominent local multi-location Psychiatric Group
- We are looking for highly motivated individuals that thrive in a professional team environment and desire the opportunity to be fully invested in a private practice office.
- Availability in afternoon/evenings and/or Saturday preferred but not required.

If you are looking for a lifestyle employment opportunity providing you the flexibility to set your own schedule and be actively involved in developing your own practice within a team, this may be the opportunity for you.

Requirements:

- Passion for a positive approach toward client care; commitment to the highest level of

professional quality client service.

- Looking for a minimum of 3-4 years of psychotherapy experience.
- Hold an active GA counseling license (we are not considering LAPC candidates at this time).
- Ability to work day/early evening hours based on client schedule (ability to work weekend hours highly desired).
- Desire to refine & grow private practice experience & increase collaborative, professional opportunities.
- Willingness to utilize technology-driven support resources (required hard/software provided).

We Offer:

- Competitive compensation split based on years of experience.
- Ability to quickly establish client caseload.
- Credentialing support services
- Extensive marketing to support client recruitment (no cost to therapists).
- Support of a local counseling team.
- An excellent therapeutic office location (all therapeutic offices with windows in an aesthetic, safe & convenient setting)

Therapist Lifestyle Perks:

- Budgeted travel/meeting comp.
- Intake support.
- Dynamic website & online booking portal to offer state-of-the-art delivery services
- Guest experience management.
- Back-office support for the processing of insurance determination/mgmt. & billing.
- Flexible schedule (therapist sets desired hours).
- On-site clerical support.
- Full-time caseload incentive allocations

NOTE: At present we are not offering health care benefits--new staff will be contract employee status. However, we do offer a Contracted Employee Voluntary Benefit option that offers maternity and income maintenance benefits.
